

Activity Packet #2 Log Homes

Think about your home. Is it big or small? Do you have two stories or one? Does your home have a lot of big open spaces or does it have a lot of rooms with walls in between?

If you lived in a log cabin, you would live in a house with one big room. In the big room would probably be your kitchen, dining room, living room, and parents' bedroom. Your bedroom would be upstairs in a loft with your brothers and sisters. There wasn't much space for a lot of furniture, clothes, or toys. You would have only what you needed inside your house.

Explore the log cabin by finishing the scene, coloring a picture, comparing then and now and more!
